

It has been brought to my attention the the FCC is proposing to expand the LPFM stations to allow new LPFM stations to take priority over current FM translator stations. I listen to 94.3 KLOVE in Chicago. This station serves the community greatly by providing encouraging Christian music that the entire family enjoys. In addition, family friendly local concerts and activities are publicized on the station. If K-Love were to be displaced, we would be missing this important encouraging part of our daily lives. I ask you to allow 94.3 KLOVE to continue broadcasting in the Chicago area. Thank you.
